

Safety Leadership Program – 1 Day Course

Description:

Good safety is good business and having the leadership skills to support safety are crucial. Supervisors, Leaders and Managers are all key advocates in promoting a good safety culture.

This **one (1) day** program covers **Leadership, Culture and Risk** activities and examines why they are so closely aligned. It is aimed at people who have accountability for Health & Safety within the workplace. We will guide you through the consultation and communication process, key areas of Safety Legislation, duties & due diligence, and risk management processes. Training includes group activities and discussions.

Learning Outcomes:

Learning outcomes of this course include:

- Strategies for building a strong Safety Culture.
- The link between safety leadership, your safe system of work and Legislative obligations.
- Responsibilities and duties of all work colleagues including how leadership drives behaviors.
- Understand the key role that Leaders play every day to improve WHS outcomes and the importance of moving towards a more resilient safety culture.
- The importance of consultation and communication.
- Lessons learnt from the Deepwater Horizon Disaster and the Dreamworld Tragedy.

Training Delivery:

This course can be customised by experienced and qualified safety facilitators to suit your organisational needs. It will include a variety of training delivery methods designed for your working environment and to enable participant interaction.

Investment:

On-site delivery costs (maximum 20 participants). Price on application. Discounts apply to Safety Partnership Program members.

Certification:

Participants will receive a Certificate of Attendance.
