

## WHS/OHS for Managers & Supervisors – Half Day Course

**Description:** WHS/OHS for Managers & Supervisors is a vital training program that enhances the capabilities of managerial staff in maintaining and promoting a safe workplace. It will equip Managers and Supervisors with the essential skills and knowledge to be prepared to fulfill their WHS responsibilities, effectively manage risks, and lead their teams towards a culture of safety.

**Learning Outcomes:** This course focuses on the practical application of WHS/OHS legislation and the responsibilities of managers & supervisors. On completion of this course, participants will have an understanding of:

- WHS/OHS concepts and why workplace safety is important including key statistics from SafeWork Australia.
- Work Health and Safety laws and regulations, including key terminology and definitions.
- Their specific roles and responsibilities in maintaining a safe workplace including the concept of due diligence.
- The legislative framework and the roles of regulatory bodies and enforcement agencies.
- Understand and apply a number of consultation, co-operation and communications strategies for a safer workplace.
- Apply the principles of risk management, including identifying workplace hazards, conducting risk assessments and implementing risk control measures (hierarchy of controls).
- Develop and implement strategies to make their workplace a safer environment.

**Training Delivery:** This course includes some basic customisation to include your organisational policy and procedures relevant to the topic. You can request **additional customisation** for a more bespoke experience. Our experienced and qualified safety facilitators will work closely with you to tailor your training to suit your organisational needs, workplace and the participants.

**Investment:** Will vary based on level of customisation required. Discounts apply for Partnership members.

**Certification:** Participants will receive a Certificate of Attendance.
